

MOTION BY SUPERVISOR GLORIA MOLINA

December 15, 2009

Every year the American Society of Civil Engineers (ASCE) holds the National Concrete Canoe Competition which provides students with a practical application of engineering principles they learn in the classroom along with important team and project management skills. The event challenges the students' knowledge, creativity and stamina, while showcasing the versatility and durability of concrete as a building material. California State University Los Angeles' Civil Engineering Department will compete in next year's national competition.

I, THEREFORE, MOVE that the Board of Supervisors hereby instruct the Director of the Department of Parks and Recreation to waive the vehicle parking fee in the total amount of \$1,292.00, every Saturday and Sunday, from now until April 4, 2010 for the California State University Los Angeles' Civil Engineering Department at Santa Fe Dam.
